

**THE EMBODIMENTS OF THE INVENTION IN WHICH AN EXCLUSIVE PROPERTY
OR PRIVILEGE IS CLAIMED ARE DEFINED AS FOLLOWS:-**

/WHAT I CLAIM AS MY INVENTION:-

1. A fastener-gripping tool comprising:
 - 5 a. a primary and secondary member, both having a handle,
 - b. a nail pulling central portion,
 - b. a pair of gripping ends,
 - c. a claw at each said end,
- 10 2. The fastener-gripping tool of claim 1 wherein said primary and secondary members are hinged together at a central area.
3. The fastener-gripping tool of claims 1 and 2 wherein said primary and secondary members are generally mirrored opposites to each other.
- 15 4. The fastener-gripping tool of claim 1 further comprising gripping ends at the extremity distal to the handles.
5. The fastener-gripping tool of claim 4 wherein said gripping ends further comprise opposing claws.

6. The fastener-gripping tool of claim 4 wherein the primary member is adapted with one central claw and the secondary members are adapted with two claws, one at either side of the primary member's central claw.
7. The fastener-gripping tool of claim 6 wherein said claws have a triangular opening within the inner surfaces of each claw thereby forming a generally square opening between the claws when viewed from above.
8. The fastener-gripping tool of claims 1, 5, 6 and 7 wherein the claw extremities are pointed generally sharply so as to ease picking up a fastener laid onto a surface.
- 10 9. The fastener-gripping tool of claim 1 wherein the use thereof is to gather, hold and align a fastener such as a nail or screw while driving said fastener.
